Ayesha Siddiqua

Frontend Developer | React & TypeScript | Full Stack Integration | Python

Lahore, Pakistan | +92 315 4486062 | a.siddiqua.nadeem@gmail.com | github.com/ayeshanadeem45

Professional Summary

Dedicated **Frontend Developer** with solid full-stack engineering expertise, specializing in developing responsive, pixel-perfect web applications using **React, TypeScript, Python**, and modern styling architectures including **Tailwind CSS, Shadcn/ui**, and **Material UI**. Experienced delivering 6 complete frontend-and-backend integrated production-grade projects during an internship at **Systems Limited (CADM Department)**, including business automation platforms, conversational AI shopping assistants, multi-model decision games, and extension analytics dashboards. Recognized for clean code, seamless API integration, and strong attention to UX and performance.

Technologies & Skills

- **Frontend Engineering:** React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Shadcn/ui, Material UI, Component Architecture, Responsive Layouts
- **Backend & APIs:** Python, RESTful API Development, FastAPI, Flask, Backend Service Integration, JSON Pipelines
- **AI & Models Integration:** OpenAI API, Decision Models (Decision 1), Conversational UI, Real-Time Model Comparison
- **Developer Tools & Methodologies:** Git, GitHub, VS Code, Vite, npm, Postman, Agile/Scrum Development
- **Programming Languages:** Python, TypeScript, JavaScript

Professional Experience

Systems Limited

Frontend Developer

Jul 2026 – Oct 2026

Responsibilities:

- Architected, developed, and deployed the complete frontend interfaces for 6 enterprise and client-facing full-stack applications in the CADM Department.
- Integrated dynamic React and TypeScript frontend modules with backend Python services and RESTful APIs, ensuring seamless data flow and zero-lag user interaction.
- Built robust, reusable design systems utilizing Tailwind CSS, Shadcn/ui, and Material UI, standardizing visual aesthetics across enterprise projects.
- Conducted UI testing, optimized rendering performance, and participated in Agile sprint planning and collaborative peer code reviews.

Lahore Development Authority (LDA)

IT Department Intern

2025

Responsibilities:

- Provided technical assistance to the IT Department, supporting enterprise infrastructure, network troubleshooting, and internal digital systems.
- Collaborated with senior teams on data maintenance, system operations, and departmental workflow streamlining.

Key Projects

CSuite – Automated Workflow Platform

- Built an automated enterprise workflow platform designed to streamline business operations, task approvals, and departmental communication.
- Implemented reactive user dashboards in React and TypeScript with real-time status tracking and end-to-end backend API integration.

AI Shopping Assistant

- Developed a conversational AI assistant that analyzes user shopping preferences and serves real-time product recommendations.
- Designed an intuitive chat-first interface featuring dynamic catalog cards and responsive cart synchronization.

AI Decision Models Game (OpenAI & Decision 1)

- Built a full-stack competitive gaming platform where autonomous AI decision models (OpenAI, Decision 1, and Microsoft decision models) compete instead of humans.
- Engineered the backend simulation engine and a real-time results frontend displaying live game state, scoring mechanics, and winner analytics.

ZooCode Extension Analytics Dashboard

- Engineered an analytics dashboard monitoring developer extension usage metrics, including active installations, token consumption, and session trends.
- Created data visualization charts and key summary KPI metrics with responsive UI components.

Agentic XP & Converge Platforms

- Built responsive frontend interfaces for Agentic XP, enabling interactive visualization of agent workflows and execution logs.
- Designed clean, accessible frontend modules for the Converge platform using Material UI and TypeScript.

Education

Bachelor of Science in Information Technology (BSIT)

University of Education, Lahore | *7th Semester (Ongoing)* | ***CGPA: 3.72 / 4.00***

FSc Pre-Engineering

Punjab Group of Colleges (PGC) | ***Grade: A+***

Certificate in Programming

Punjab University, Lahore | *2023*

Hobbies & Interests

Book Reading, Sketching, Calligraphy, Painting, Language Learning, Poetry, and Gaming.
